

Four Elements Trainer Walkthrough

Book 3 - Love Route

Quick foreword, I'm not great at writing these and I know this won't be optimized perfectly, but I'm gonna do my best to help everyone eventually get through this chapter with all scenes completed! If you have any suggestions at all let me know by messaging me on reddit, u/triharderr. Also let me know if you want me to do other Books/Routes!

-Enjoy Toph and Katara

-Look around for Katara, eventually she's at the fountain after talking to Shady at the arena

Tips

-The Hammer time minigame is only quicker than cups to earn money if you can get 8 or 9 points consistently

-Mixing Drinks (Once you have a tavern) might be quicker for you, you earn 15 coins on easy mode, 23 on medium, and 30 on hard

-When fighting in tunnels

Rock is strong against Red

Water is strong against Green

Fire is strong against Gray
