Walkthrough

Day 1

Morning

At the start of the game, choose your name – do notice that the PC is male.

After that, just a short breakfast scene with our first Love Interest: Claudia. None of the choices have consequences yet, so pick any.

Class

In class, meet your new perverted BFF, Victor, and more importantly the teacher Octavia.

Choosing to not pay attention will lead an extended scene of Octavia scolding Victor, but no lasting effect.

Afternoon

Back at home, choose between **doing your homework** or **skipping it**.

Octavia will be disappointed if you skip it, so you might want to put in the effort if you wish to pursue the teacher.

Evening

To end the day, have dinner with Claudia, she will talk about her day.

Night

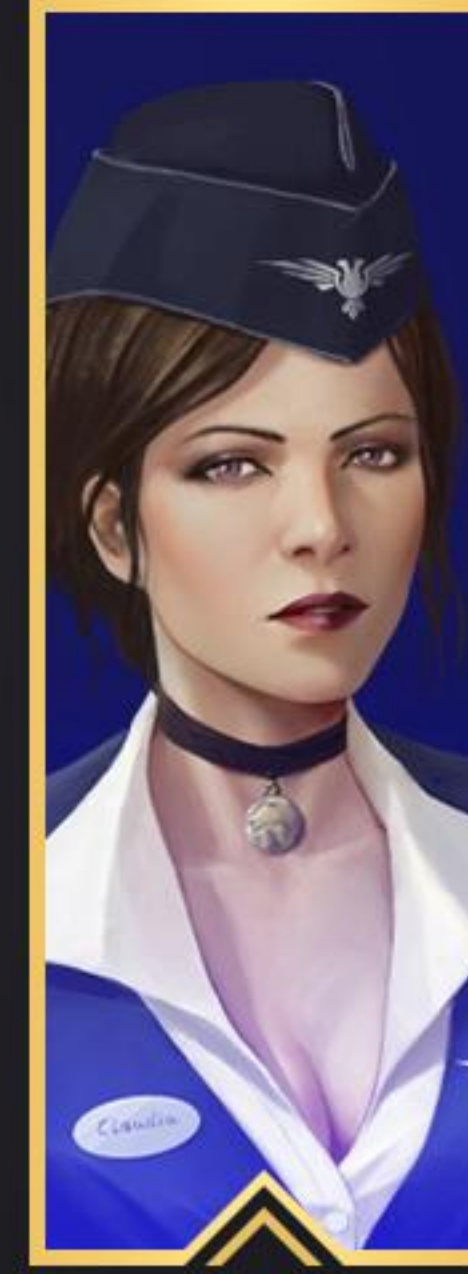

The plot thickens, Victor sends you a cryptic message late at night.

Day 2

Morning

Eat your breakfast. And if that's not enough, you can peek on Claudia while she changes.

After that, meet Mr Weng, the owner of the local Restaurant and secure a job.

Class

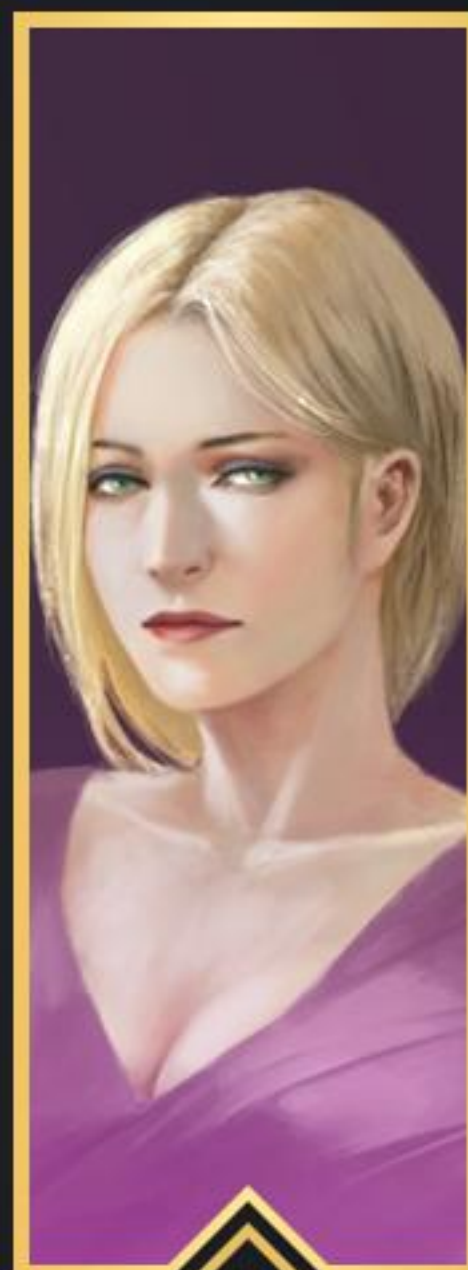

If you completed your homework yesterday, turn it in.

Either way, class ends and Victor decides to give your birthday present. That is letting in Karen's closet to spy on her.

Leave no Trace

You can do that by either cleaning your cum from her closet or not jerking off at all.

Things should go smoothly in the spy department in the future.

Leave Cum

If you do decide to play it dirty and leave a cum stain in her closet, at least you now have an excuse to be more desperate and get more time with the headmistress.

Afternoon

After school, you can choose to **do your homework** or **work at the Red Dragon**.

Working mean money and maybe a chance with Mr Weng's daughter. She's out for now though.

Night

Katelyn – Claudia's sister – invited you over to diner, once there she will gift you an EyePro Camera, with the implication that she would reward handsomely if anyone secured blackmail material on Leon Crutchfield – Victor's father.

Day 3

Morning

Nothing of notice happens this morning, just enjoy the time off before a long day.

Class

At class, as usual Octavia will ask for your homework, so prepared for disappointed looks if you skipped it. Double that if you missed more than one.

Visit Victor

This is a big decision, starting the Vic Path will unlock new opportunities with Karen, but also lock you out of others.

Be sure to do his chores if you wish to go along, if not, then back down. Also, you can sniff with Karen's underwear.

Afternoon

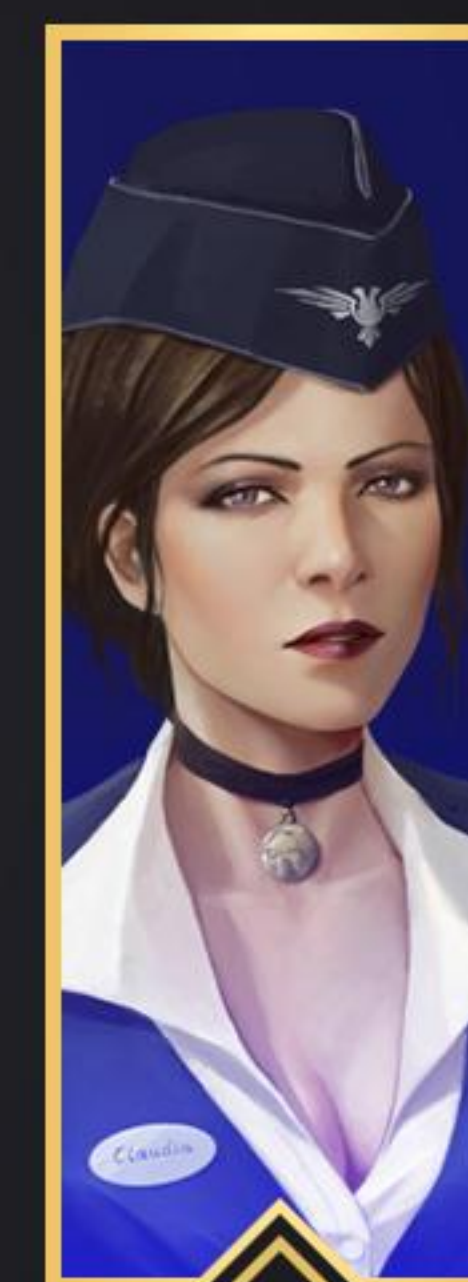

In the regular path, you'll be presented with the usual choices: either take the time to **work** or do your **homework**.

Night

Just go to sleep, but not before contemplating the possibilities the new EyePro Camera provides, especially if you managed to secure Victor's favor.

Dream

If you saw Claudia's scene the previous day until the end, there will be a dream sequence involving Claudia's thighs.

Day 4

Morning

Another day, another breakfast, this you should be more worried about school though.

If you went along with Vic yesterday, you can now cash in that favor.

Sneak in the Closet

You can sneak in Karen's office, if you left it clean, you can see a scene with her. Else the PC will panic and just plant the cam.

Stealing **her stockings** changes what she wears in the scene.

Afternoon

Class follows as usual; Octavia warns about a test next Monday and you get extra dialogue if you saw Karen's scene or are waiting to sneak in after class.

Unfortunately, you get nothing for waiting to sneak in, except planting the cam.

Afternoon

You can plant the EyePro before or after class, provided you left your cum in her closet.

Place it **behind the bookshelf** to keep it hidden, but if it does get found at least you have an excuse to search her place for it.

Afternoon

In Vic's Path, you'll visit a friend to get lockpicks.

Either way, back at home you can **work**, do your **homework** or **lazy around**.

Sneak in School

If you placed the camera in Karen's Office, it's time to retrieve it: sneak in and pick the locks in the way.

As it turns out, Karen has a quality lock in her door, making the whole mission a failure.

Night

Without the need for night activities of questionable moral, you can just have dinner with Claudia then sleep.

Day 5

Morning

At the start of the game, choose your name – do notice that the PC is male.

After that, just a short breakfast scene with our first Love Interest: Claudia. None of the choices have consequences yet, so pick any.

Retrieve Cam

If you managed to place the EyePro in Karen's Office the previous day, ask Victor for help. He will be upset, but agree to fix the situation.

If you hid it well, the camera will be there for retrieval, else you'll need to find it later

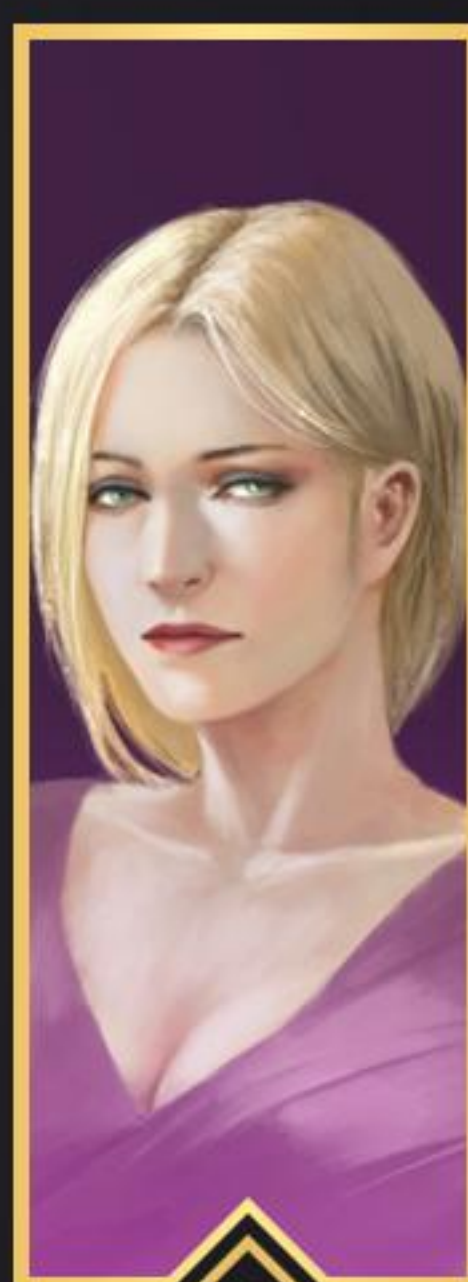

Class

If you saw the Footjob scene, or didn't sneak in Karen's office in first place, the class follows normally.

Visit Victor

If you got the camera, you can see a sex scene now. **Jerking off** will make Victor kick you out.

You also have to choose giving the video to **Katelyn**, discuss with **Victor** or confront **Karen**.

Afternoon

In addition to the usual **work**, **homework** and **chill** options, you can now **train lockpicking**.

Training will allow you to eventually break in Karen's office without Vic.

Chill

Once the critical stuff is out of the way, just chill with Victor and discuss important matters, such as if you're open to conquer all women together.

You can either choose to **share the women** (except for Claudia) or **tell him off**.

Drinking Game

If Vic didn't kick you out, you can play a game with Karen.

To get this scene, you must drink exactly **two times**. Victor can participate in the scene if you ask him **one hard question**.

Night

If you stayed at home, Claudia will arrive late at night. You can go to check on her and peek on her bath.

Day 6

Morning

Regardless of where you slept, Saturday morning arrives and Claudia informs you that her friend is coming for dinner tonight.

Afternoon

You'll work at the Red Dragon this afternoon, once there, some gangsters are trying to extort Mr Weng. Either **step in** and help, or **stay out** of it.

Evening

Evelyn and her daughter Riley come for dinner with you and Claudia.

Evelyn invites you to her Yoga classes and you discover Riley studies at same college as you.

Night

At the end of the day you can search either **Riley** or **Evelyn** on the internet, in each case you can get to know them a bit more but more importantly come across ads for Evelyn's workplace.

Day 7

Morning

The day starts slow, but you get to make some major choices: either go to work at the **Red Dragon** or check out the **Massage Parlor**.

Massage Parlor

Deciding to check out the Golden Day Massage Parlor, you meet a Mysterious Old Man.

You can either **go along** with him and unlocking your true massaging potential or **go back home**.

Work

You work another day for Mr Weng, nothing particularly exciting happens, but at least you make some money.

Also, there's something going on with Mr Weng and the men from Saturday.

Afternoon

If you spend your afternoon at home, you can either **study**, **work** or **plant the camera** again in Karen's office in case you hid it behind the bookshelf in Victor's Route.

You can also give up on the cam and **follow the music** to meet Riley.

Work

While at work, you finally meet Mr Weng's wife Linda.

She reveals her husband's gambling and drinking problems and ask for help. You can **accept her money** or **not**.

Follow the Music

You find Riley practicing the violin in the auditorium.

You sneak out without being and go back home with a new resolve to romance her.

Plant Cam

Ignoring the beautiful melody, you lockpick your way in Karen's office.

This time your increased spy skills should be enough that Karen won't find it.

Night

With nothing else to do today, you go to bed and jerk off to one of the girls depending on the choices so far.

Massage Claudia

Claudia has back pain, if you stayed and learned the Old Man's Technique you can offer to massage her.

You can either do a **regular massage** or **use the Technique** to take her to the edge of Nirvana.

Day 8

Morning

The morning section has variants depending on the events of the weekend, most notably if you learned the secret massage technique, broke in Karen's office or saw Riley.

Class

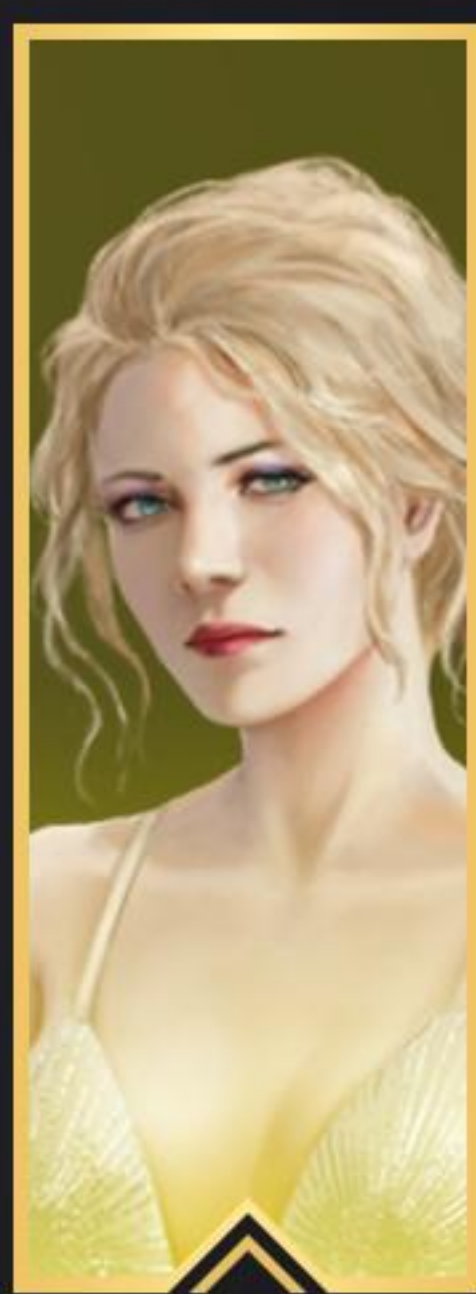

You can **ask Victor about the bar** if you accepted Linda's Quest.

If you ask him about it, he will offer the information in exchange for your help in patching up the relationship between Karen and Claudia.

The Mask

With Vic's help, you get in the secret bar and spy Mr Weng.

You find that Octavia is working at the Bar! Not only that but she ends up serving Mr Weng and is target of his (unwanted) advances.

Afternoon

If you spend the afternoon at home, you either **work at the Red Dragon**, **do your Homework** or **chill out**.

The rest of the day follows with nothing of notice

Red Dragon

Back at the Red Dragon, you have an important decision to make: either tell Linda the **Truth** or **Lie**.

If you tell the truth you can still **savage their marriage** or **destroy it**.

Night

After destroying Linda's marriage, comfort the crying woman. And in this case comfort means a proper fucking.

After the deed, you can **leave Linda** or **walk her home**.

Leave the Restaurant

If you left Linda crying at the Red Dragon, you still have one thing left to take care of: decide whether to **help Octavia** with her situation or **exploit it**.

Day 9

Morning

The new day starts with the MC reflecting on the actions of the previous days and the plans for the EyePro footage (if any).

If you asked Victor about the bar the previous day, you ask Claudia about dining with Karen and Vic, else she will only remark about her plans for the week.

Class

Class follows as usual, with additional dialogues if you saw Octavia at bar on Day 8.

If you manage to set the reunion between Claudia and Karen report back to Victor, else just watch him share some of his own wisdom.

Afternoon

If you stay at home choose between **doing your homework**, **training at the massage parlor** or **working at the Red Dragon**.

In the later case, the restaurant will be closed if you fucked Linda the previous day, else the state will vary depending on how the Wengs marriages is.

Tea with Katelyn

If you got the EyePro footage and kept it for yourself or Katelyn, you'll be invited for tea with her.

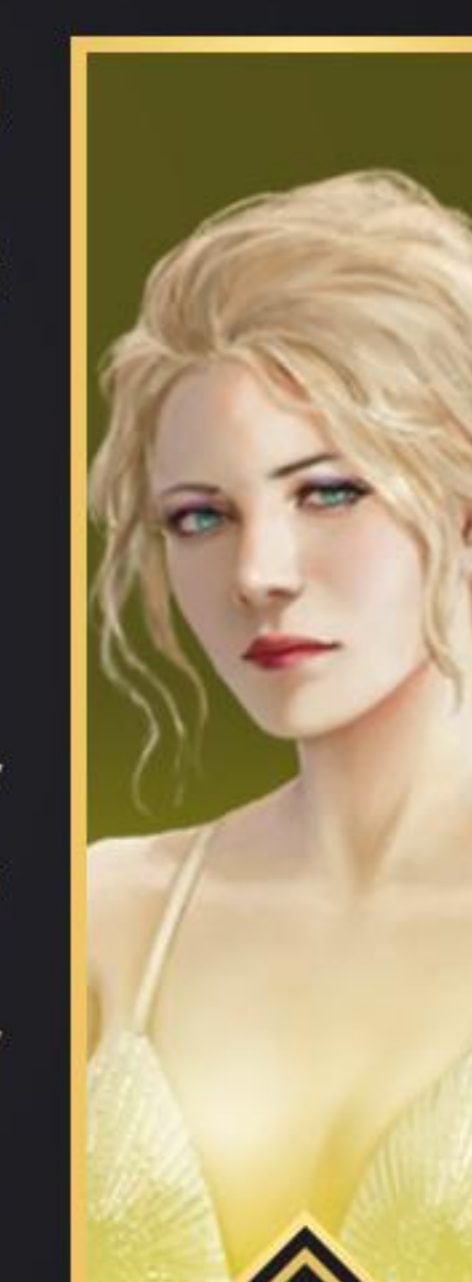

You can ask her for **sex**, **money**, **a kiss** or **money and a kiss**. She will reject the first one though.

The Mask

If you visited the bar already, you can do so again and talk to the supervisor about the teacher.

If you still got Karen's footage, you can use that to buy exclusivity with her. Plus you can either **exploit the situation** or **help her**.

Night

Back at home, you are surprised by Marcello drinking, he invites you to **play a drinking game** where you can learn a bit more about Claudia's past.

Also you can exploit his state to **snoop around his phone** and get material to get rid of Marcello later.

Day 10

Morning

Morning starts slow, with no food and no Claudia. She calls to ask you to pick up her dress from the cleaner though.

You can either go for it **now** or **after class**, each one has a different route for the day.

Pick it Now

Going immediately after to pick up the dress will require you to remember the code for Claudia's order, **107** will give the wrong dress and **187** will give the right one.

Either way, you'll be late for class and get scolded by Octavia for that.

Pick it Later

In this case, you get to class in time and it proceeds as usual, with some musings about the situation with Octavia if any.

Picking the dress after class goes without any problems.

Dress Choice

If you choose the wrong dress, you can either convince Claudia to **wear the riské dress** to the Party or **stay at home**.

In both cases and if you got the right dress, Victor will invite you to the party, although it won't be very fun if Claudia stays at home

Afternoon

After returning home and successfully giving the right dress to Claudia, you are awarded with not one, but two kisses on the cheek.

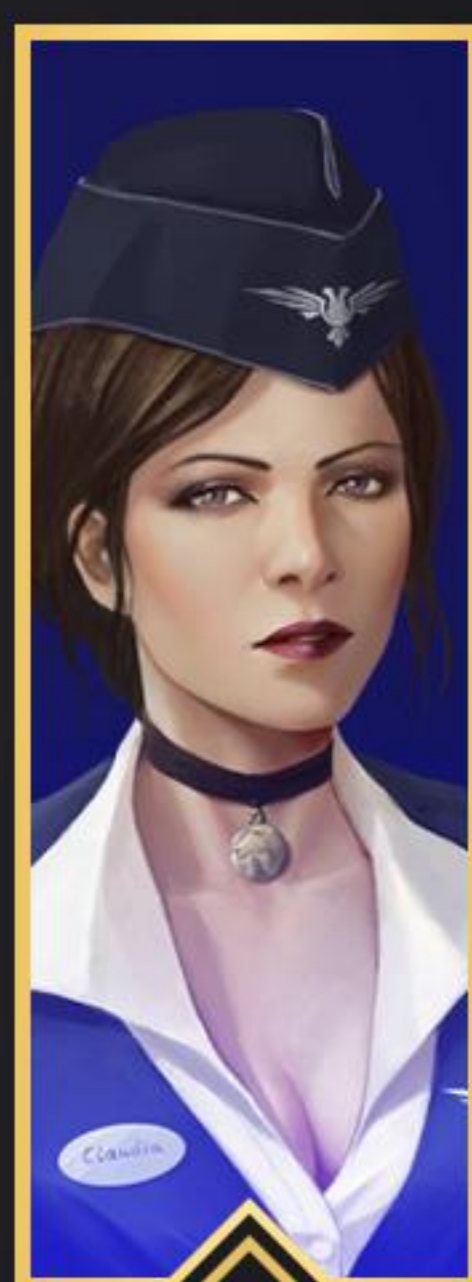

Also, check on her getting ready for the party.

Party

As expected, Claudia will get plenty of attention and drink at the party.

Helping her at the party will give a groping and sex scene, while **taking her home** will result in a different scene later that night.

Evening

While Claudia is at the party, you can **check on her** and remind that she should take it easy. Or you can just **go to sleep**.

In the later case, she will return home wasted and not opening the door for her will result in a **Bad Ending**.

Drunk Claudia

If you took Claudia home or checked on her and made sure she's only regular drunk, you'll need to put her in bed and you can **pretend to be Marcello** to take advantage of the situation.

Day 11

Morning

Not a lot happens this morning, just some comments on the events of the previous days with variants depending on Claudia's ending in the party.

Class

Victor will be disappointed if you left him alone last night, but doesn't really chew on you more than needed.

Riley, however, is not a gentle blowing him off while inviting you to her mother's Yoga class. You can either **accept it** or **turn her down**.

Afternoon

Not going to Yoga will skip the afternoon section and follow the next event.

Yoga Class

After class Riley drives you to Evelyn's studio, you can peek in the **female changing** room or **not**.

You then go through Yoga class, and pay special attention in the teacher.

Evening

Victor will call to inform that Karen is not having a good day cancel reschedule the dinner to the next day.

The evening preceeds with dinner and Claudia ask about your day and about her incoming photoshoot at work.

Day 12

Morning

Friday starts like an ordinary day, just a quick breakfast with Claudia and a reminder of tonight's dinner.

Class

After class you notice Riley in the hallway but also get called to the Headmistress office.

You can choose to **talk with Riley** or **attend Karen's summon**. In the first case Riley will invite you to a concert, you can **accept it** or **not** and then rush to Karen's office.

Karen's Office

Turn out Karen just wanted to make sure everything goes well in the dinner so she asks you and Victor to behave.

Back at home, you and Claudia make the final preparations for diner.

Diner

Diner goes very well for all parties, Karen and Claudia manage to reconnect. At one point, Karen mentions Claudia's clothes and asks you about it, **agreeing with Karen** will lead to a shopping trip later.

After diner, you can either **go with Vic** pick up desert or **stay at home**.

Pick Desert

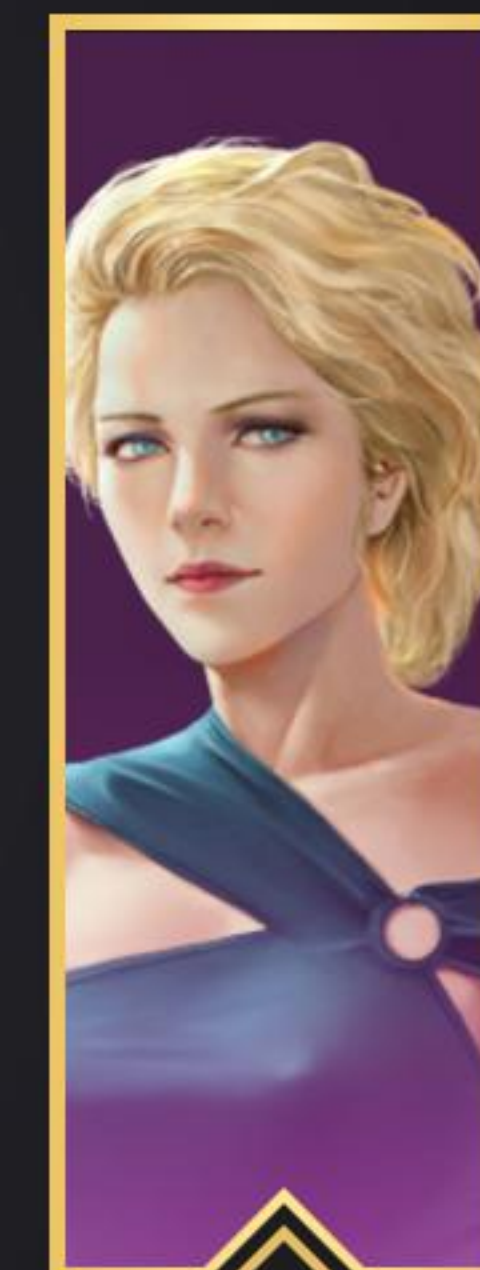

As you and Victor go pick up a cake for desert, things warm up between Claudia and Karen and you catch them kissing after returning.

Things follow as normal and you talk with Claudia about it.

Stay at Home

If you keep your mouth shut, Claudia and Vic will go for the cake. Either **agree to help Karen** and get a blowjob or **show her the video** and facefuck her. In the later case you'll also have to decide about **interfering** with Karen's trap for Claudia.

Day 13

Morning

It's Saturday and not much happens at morning, but there are some big events happening depending on the route you took last night.

Interference

To help Claudia escape the trap you must ask for Victor's.

He's happy to help, but if you sniffed Karen's panties early on, he will ask you to bring him a pair of Claudia's panties, you can either **accept** or **decline** his quest. If you did not, this questline will end here.

Training

If you have trained previously with the Old Man, you'll have to meet him again at the massage parlor for another class and increase your massage level.

Meet Katelyn

If you didn't offer to help Karen, Ashley will ask you for help. At Katelyn's place you can **search for her** to get a scene, else you'll just be sent to the school and break in Karen's office. You can get more blackmail if you planted the cam on Day 7.

Help Karen

If you offered to help Karen on Friday, she will now ask you to do something about Katelyn. A reward is offered of course.

Evening

At the evening, your choices regarding Claudia's photoshoot will change your interactions to put the plans in motion, otherwise the day ends with no further events.

Day 14

Morning

It's Sunday, and after some reflection of the previous day you talk with Claudia, with extra dialogue if you plan on going to the concert with Riley.

Soon after you'll get called by Katelyn and go to her home.

Katelyn's Masion

You either **approach Katelyn** or **call her**, in the first case she will let you grope her if you managed to get dirt on Karen yesterday.

Either way, she will quickly send you off after receiving a call.

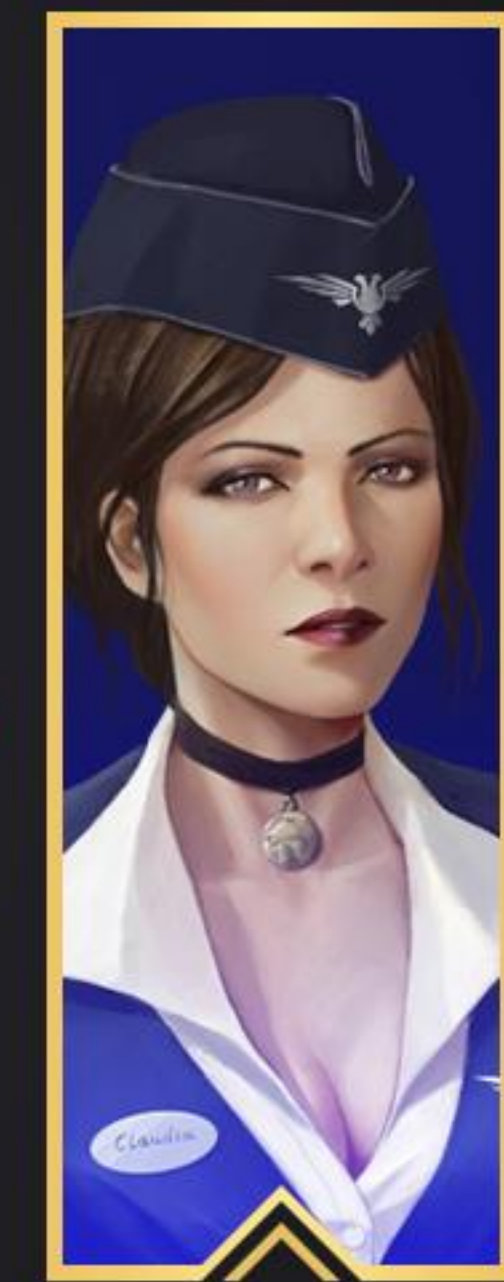

Afternoon

The player will just lazy at home and comment on some of the previous events if you don't go to Claudia's photoshoot.

Photoshoot

If you made the arrangements to take over the photoshoot, Vic will call you for it.

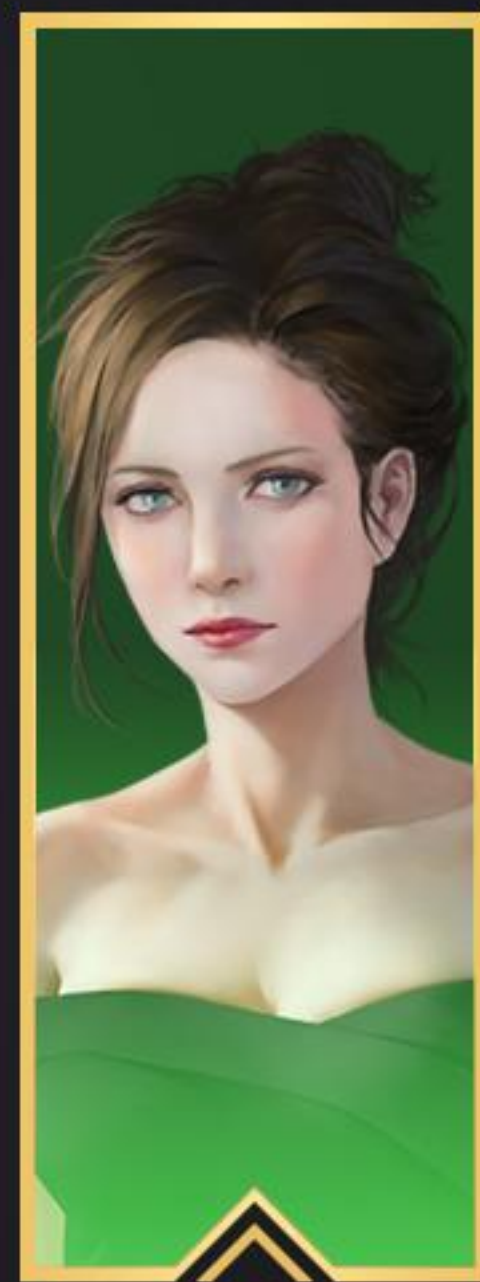

You either **push Claudia to be sexier** or **leave her be**. Also, there are *many* clothing options to pick.

Date with Riley

If you accepted Riley's invitation to the concert she will call you in the evening to pick you up.

Picking the **pizza** will continue the event with Riley, while **letting her choose** is not implemented yet, causing a premature ending.

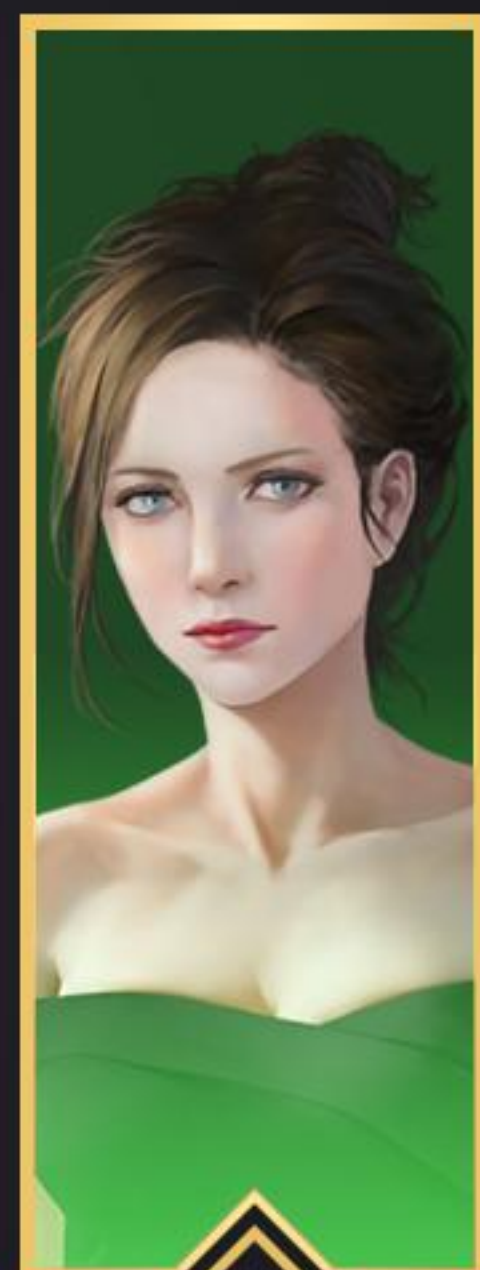

Evening

Not going to the concert with Riley will end the day and skip to Day 15.

Concert

The concert date with Riley goes well, and it turns out that she's also leading the second half so you also can get a proper sample of her violin skills.

Day 15

Morning

A new week starts as you would expect, the morning dialogue with Claudia will change depending on your Sunday events, especially about the date with Riley.

Class

If you fail to obtain the panties for Victor, he will ambush you at the entrance of the class to ask for it, you're saved by the bell though.

Either way, trading messages with Victor during class will get noticed by Octavia and she will talk with you after class.

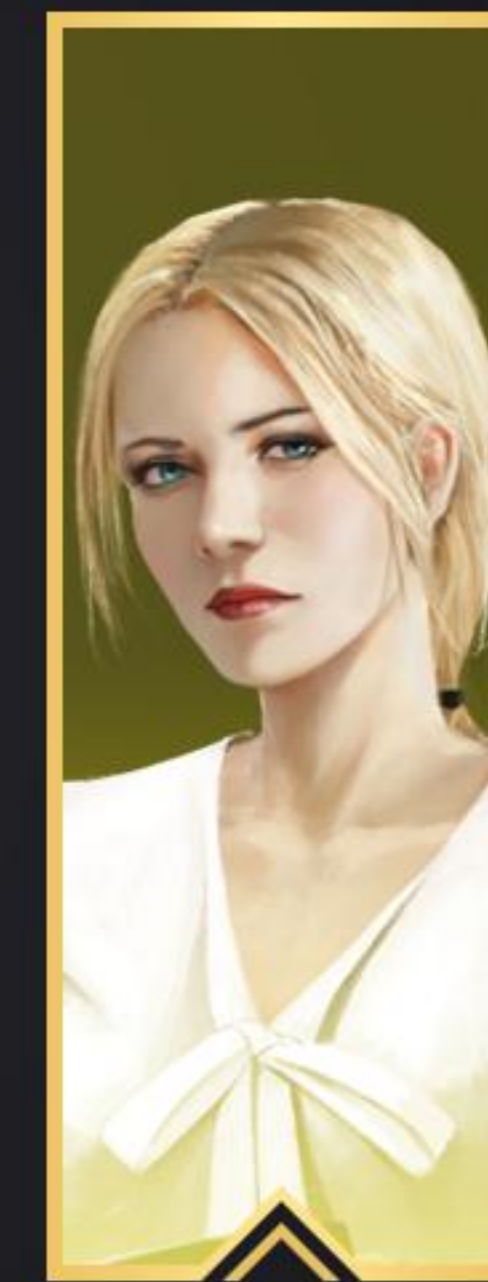

Afternoon

If you don't have the massage skills, Octavia will just talk with the player and the day will carry on.

Massage

If you have trained with the Old Man, you can offer to massage Octavia, she will accept it.

The scene will change depending on the route you took with her at the bar, being lewder if you blackmailed her.

After Class

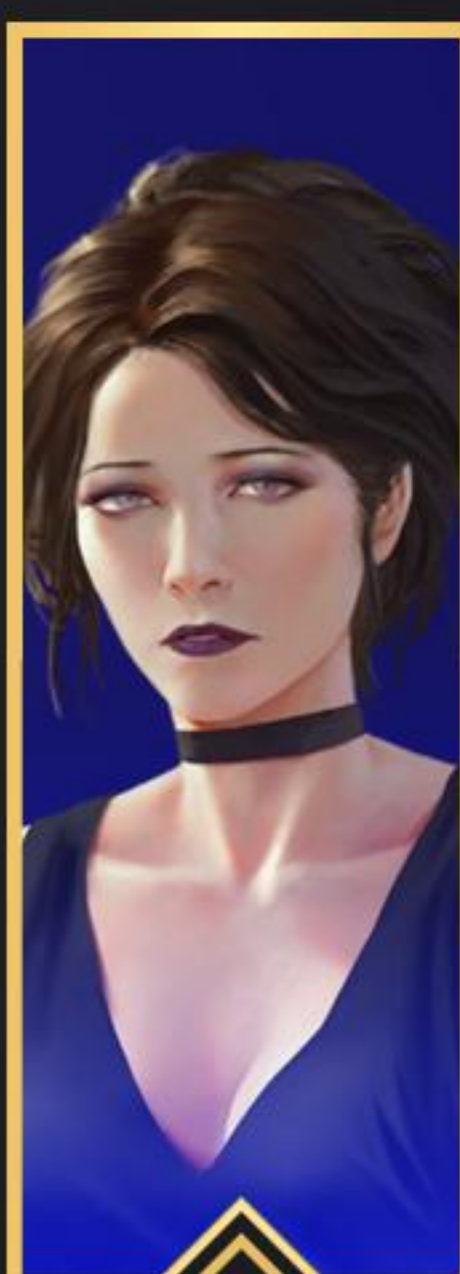

If you promised Victor to get Claudia's panties and went to the Concert with Riley, Vic will be very angry, you can either **agree to get him the panties** or **go to Evelyn's Studio** but your debt will increase to a pair of used panties and bra.

Otherwise you'll just go to the Studio.

Panties Quest

You and Victor go to your place to steal one of Claudia's Panties, things get intense when Victor decides to take more pieces of underwear, but all ends well.

If you have massage skills, there's a scene with Claudia after.

Yoga Class

The class goes normally and you don't get to see Evelyn much, but after class she complains about some pain.

If you have learned to massage, you can use it on Evelyn.

Day 16

Morning

Morning starts with a dream if you massaged either Evelyn or Octavia, either way the MC will be almost late for school after waking up.

Yoga

Class follows as usual, with Octavia and some comments depending on your route with her.

After that Riley will invite you for a Yoga Class with her.

Evening

Ashley will call asking about the progress with the blackmail project, if you have nothing yet the you'll jump to the next day.

Night

If you planted the camera successfully in Karen's Office on days 7 and 13, you'll have enough to report to Katelyn.

Except after arriving at her home, you find her pleasing herself with a dildo.

Day 17

Morning

Like most, the player starts thinking about the events of the prior days.

After leaving home if you have trained with the Old Man, he will call offering lessons later today. Either **accept** or **deny** his summon.

Class

In class, Octavia informs you of the upcoming finals, much to Victor's disappointment. Which causes you both to be called to Octavia's Office after class.

The dialogues change depending on the route with Octavia.

Milky Panda Café

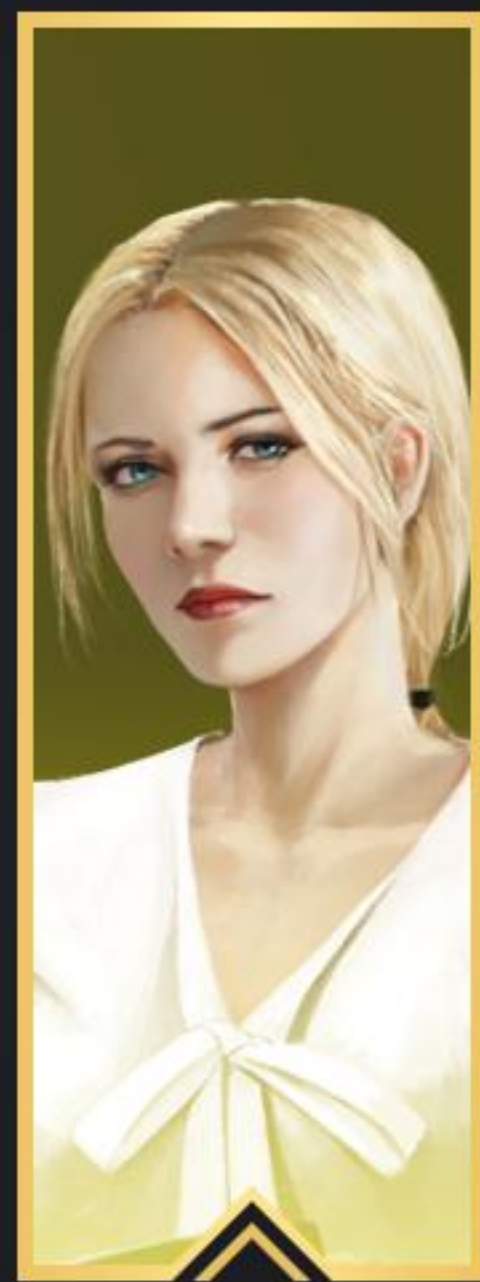

If you have gone with Riley to the concert, you'll find her working at the Milky Panda Café, as a Cat Waitress.

After that, it's to class as usual.

Massage Parlor

If you accept the Old Man's Summon, he will teach you yet another massage technique. And it does help when Octavia shows up at the Parlor.

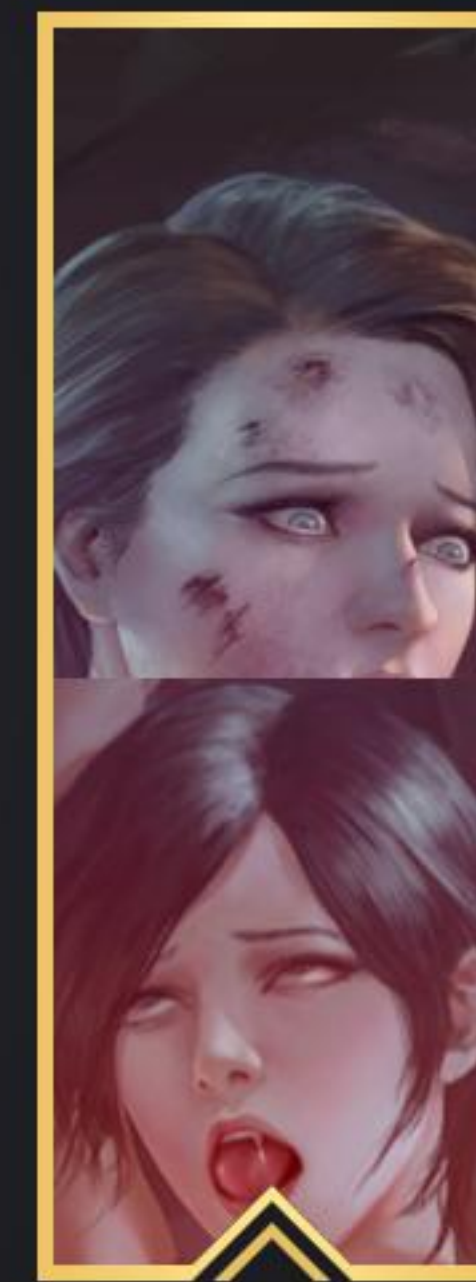

The scene plays differently depending on Octavia's Route.

Afternoon

After class or the Parlor, you'll have the opportunity to either **study for the test**, or **play videogames**.

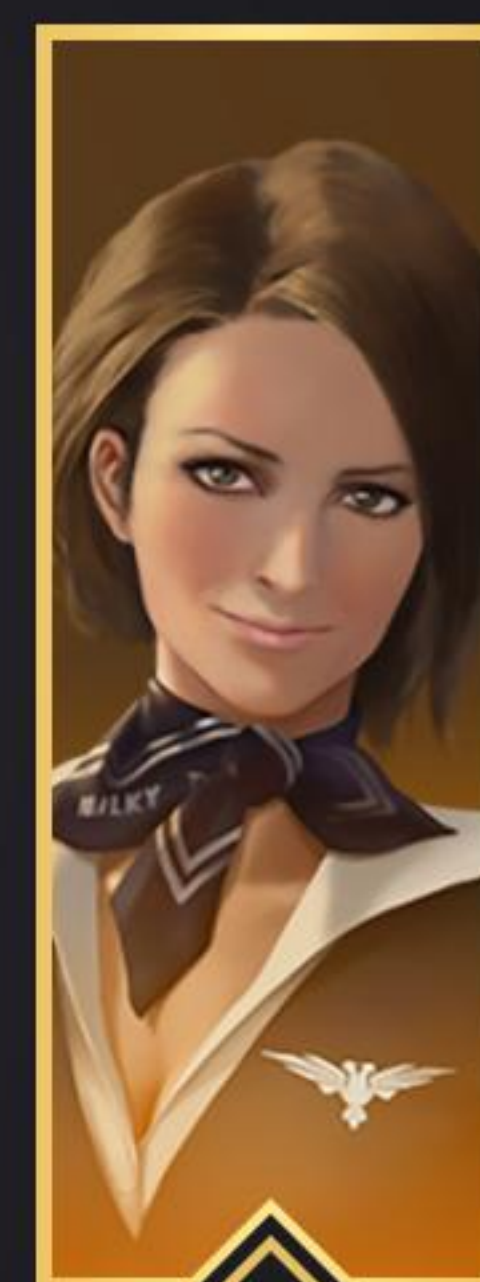

The scene depends on the game you pick, **RA2** for Ada and **RA3** for Jill.

Dinner

At evening, Shirley will arrive for dinner. If you picked the lewd options before, she will catch you with a boner.

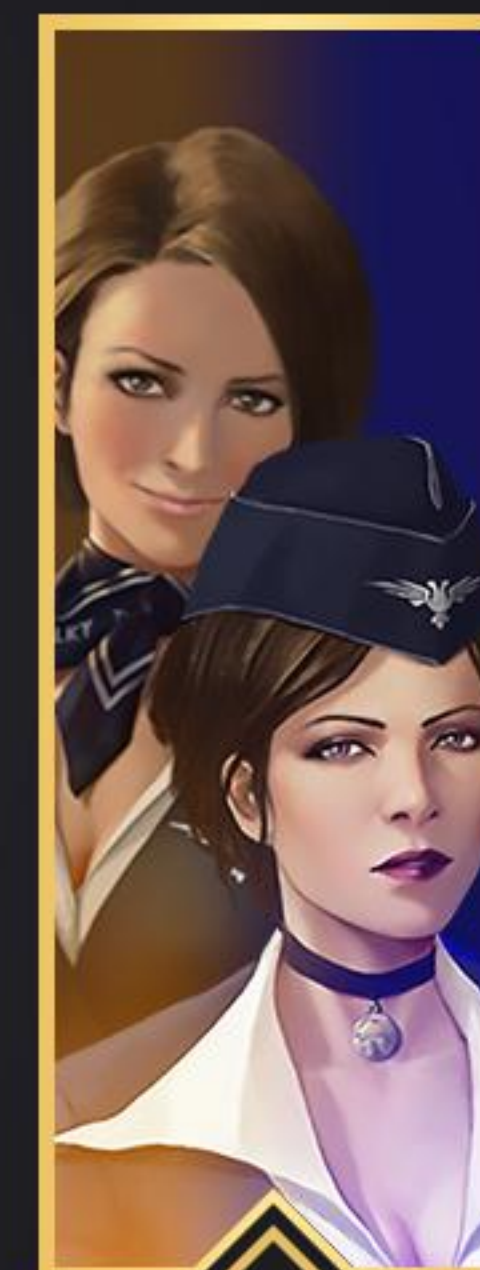

Either way, she will try to perform a footjob under the table, either **accept** or **turn her down**.

Night

If you took the footjob, Shirley will propose a game, which drinking and stripping.

There are many options to strip Claudia or not, and at the end a sex scene with Shirley and a sleeping Claudia.

Day 18

Morning

As usual, the day starts with remarks on the events of the previous days.

This time, however, there's an important bit added: today you have Midterms, and you get a reminder depending on whether or not you studied during Day 17.

Class

Midterms are, and your **grades depending on studying during the previous day.**

If you have not trained with the Old man the demo will end, else you'll proceed with the day, starting with a daydream of Riley.

Milky Panda Café

If you're on **Riley's Route**, the PC will decide to stop by her work for breakfast, else he will go to a random shop and proceed to the next scene.

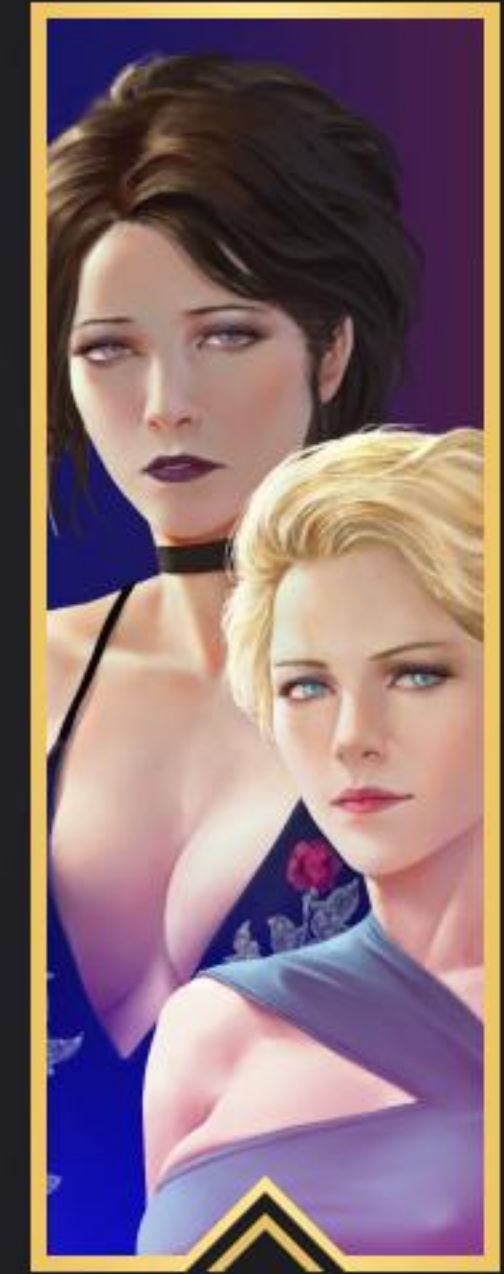

An "accident" happens, but you do get a kiss on the cheek.

Massage Parlor

Continuing your training, you learn more techniques and the chance to test them on Claudia and Karen.

You get to hear their conversation and that Claudia will work on either **the Mask** if you got a blowjob from Karen or a **Swim Club** if not.

Evening

Back at home, you plan and ponder on the consequences of Claudia's new work.

Later Vic calls and send you a lewd mod for a game, pick either the scene for **Panan**, **Rogue** or **IDK** to skip it.

Katelyn's Mansion

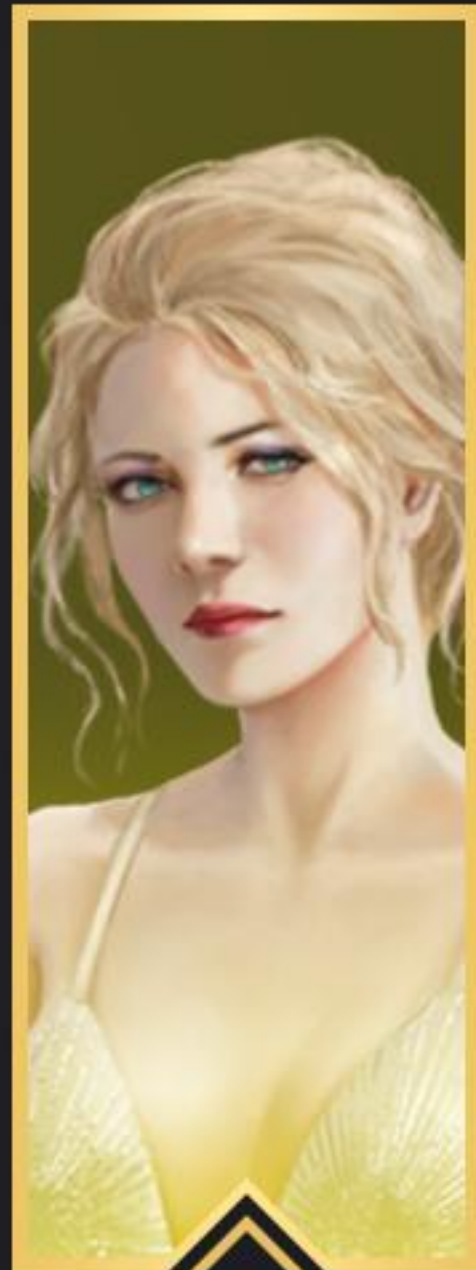

Soon after, Ashley will summon you to meet Katelyn. The older woman will comment on your previous performance, but regardless will give you a Hacker Flash Drive and 100k in Bitcoin to use at your discretion.

If you **agreed to help Karen**, you'll be able to hack on Katelyn's PC instead.

The Mask

If you're on Octavia's Corruption route, you can use the money to **buy Claudia** or **not**, either way you get a scene with the teacher.

On the Romance route you can use the money to help either **Claudia** or **Octavia**.

Day 19

Morning

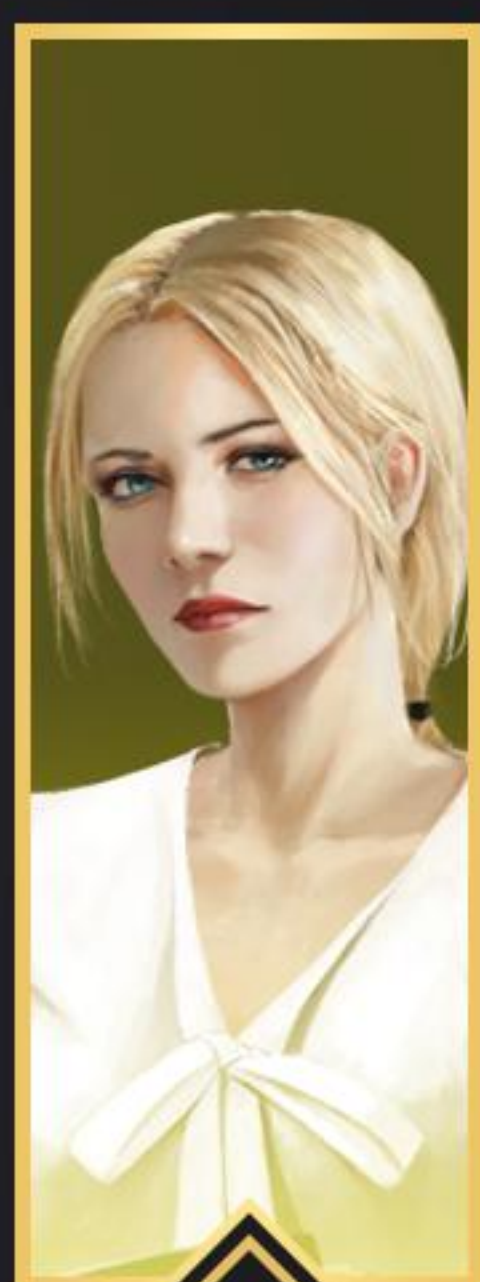

If you kept Kat's money to help Claudia, you can give it to her during the morning, else she will talk about her new job.

Also, she will give a pair tickets to Mossland, you can pick either **Claudia**, **Riley** or **Octavia** if you're on the romance routes for the later two.

Class

As the Exams will be returned, Vic is missing, nonetheless Octavia's class proceeds as usual.

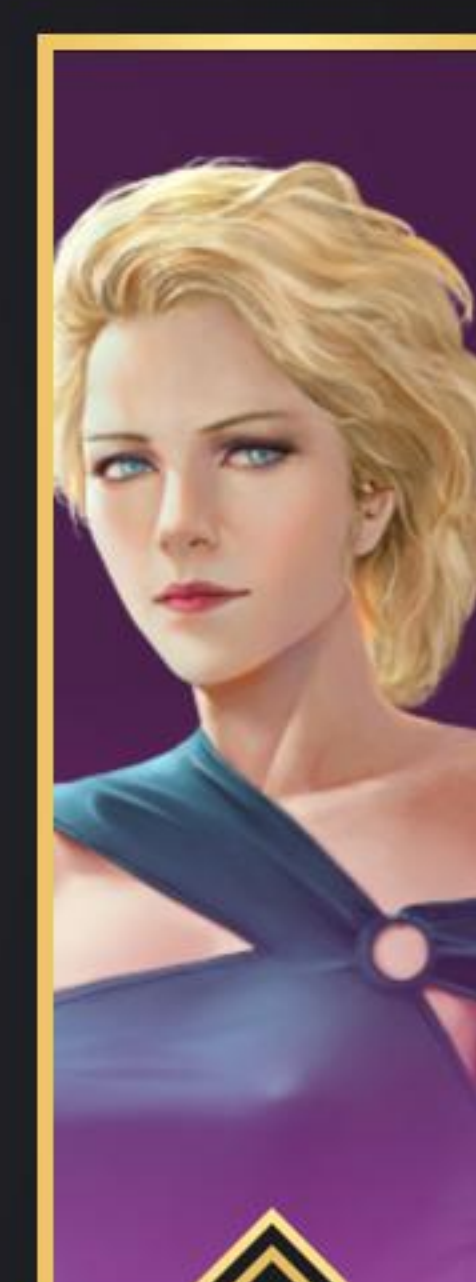

If you gave her Kat's Money, she will ask to see you after class, at which point you can either **kiss her** or **invite to Mossland**.

Meet Karen

If you used Katelyn's Flash Drive in her own computer, you can turn in the info now.

Karen will call later to give you a quest to get Kat's Password, either take **be aggressive** and fuck her or just **ask for money**.

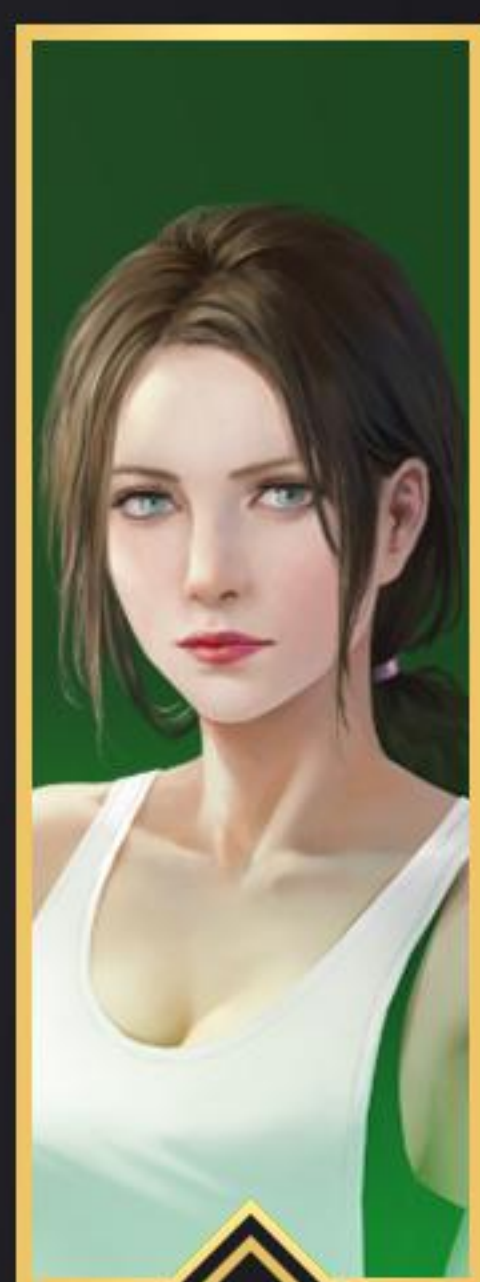

After Class

On Riley's route, she will come to meet you after class and you can **invite her to Mossland**.

At afternoon there are a few possible choices, either go to the **Massage Parlor**, **Swimming Class** (if Claudia took that job), **Visit Ashley** (if you need Kat's Password) or **Victor**.

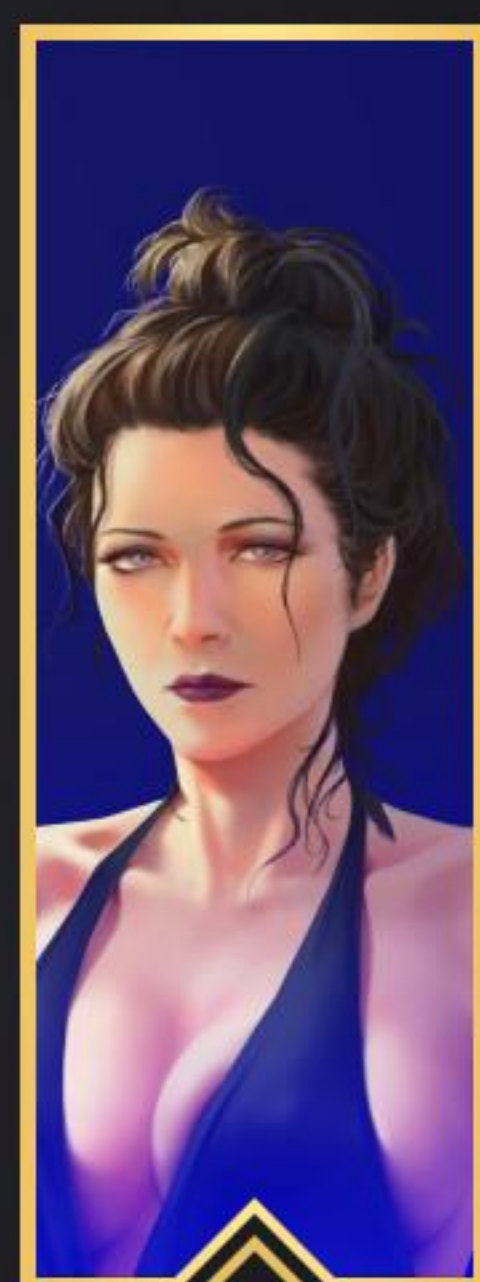

Massage Parlor

If you have kissed Riley the day before, you can give her a massage now, else you'll just have a normal class with the Old Man.

Swimming Class

While preparing for class, you hear some men commenting on Claudia, you can either **challenge them** - resulting in a CPR scene with Jack - or **let it go** - resulting in the CPR scene with the MC.

Visit Ashley

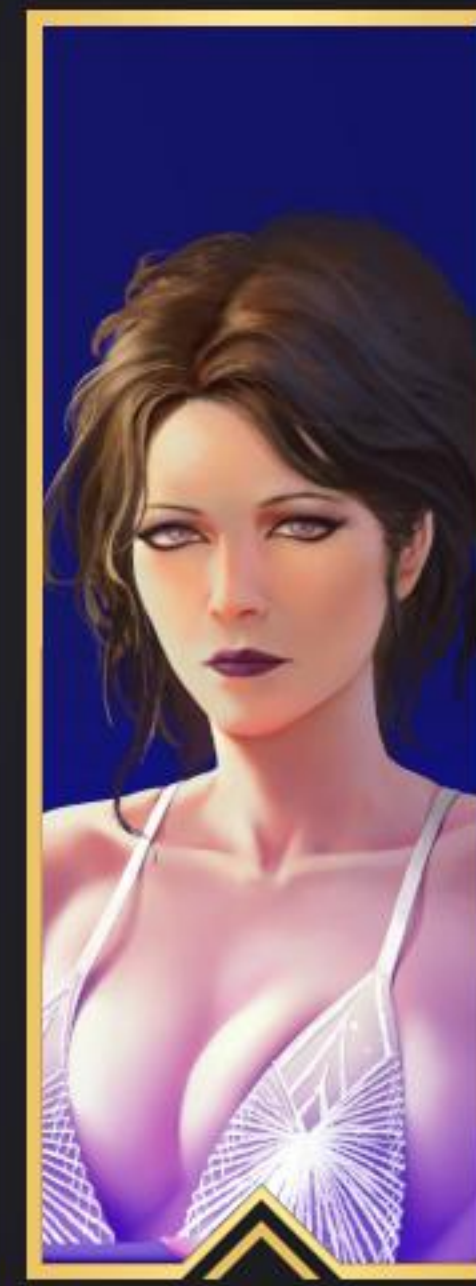

In her apartment, you'll find Ashley pleasuring herself with a rather gigantic dildo, either **watch** or **bail out**.

The Mask

To finish the day, if you have let Claudia work on the Mask, you can go disguised to interview her.

Picking to **corrupt her** will result in a scene, while **being friendly** will be only a pleasant talk with Claudia.

Day 20

Morning

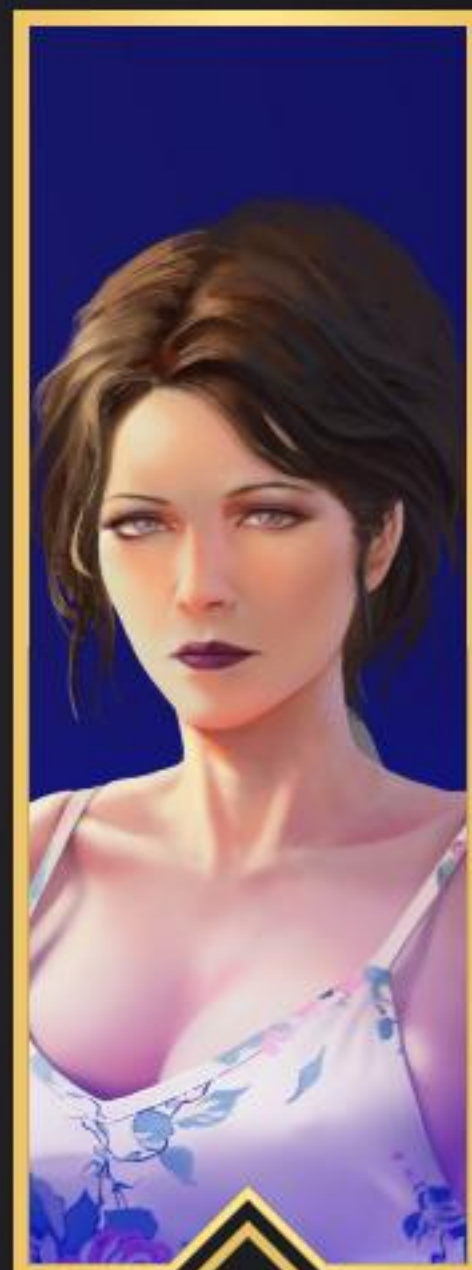

At the start of the game, choose your name – do notice that the PC is male.

After that, just a short breakfast scene with our first Love Interest: Claudia. None of the choices have consequences yet, so pick any.

Contest

If you picked Claudia on Day 19, you can go with her to the Mossland Park.

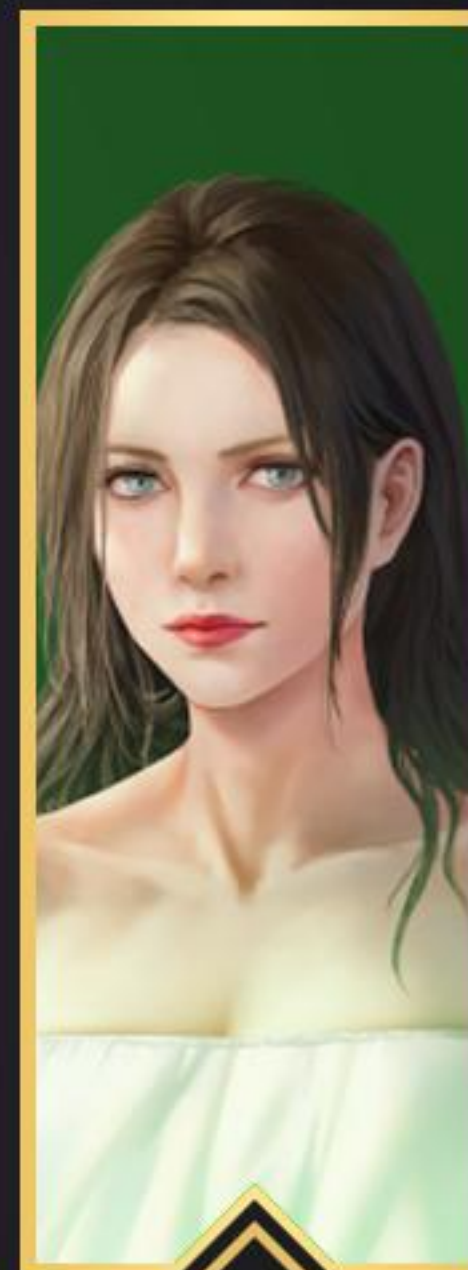

Either **kiss Claudia** for a successful date or **refuse it**.

Contest

If you picked Riley on Day 19, she will pick you up for your date.

Holding her hand or **not** has no effect besides slightly changing the dialogue.

Contest

If you picked Octavia, she will pick you up . . . to Claudia's disapproval.

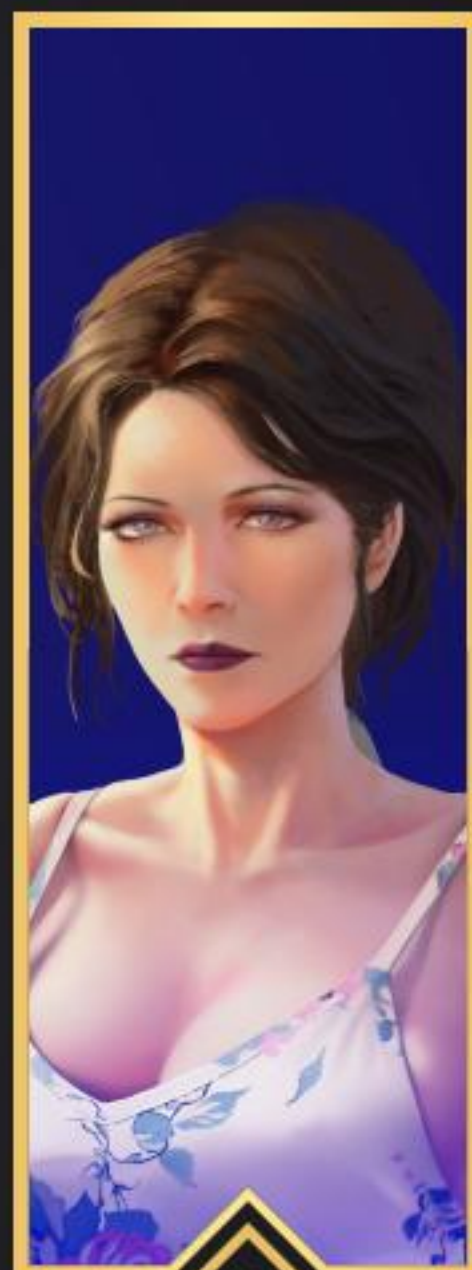

Regardless, you get to kiss her in the contest section.

Pirate Ship

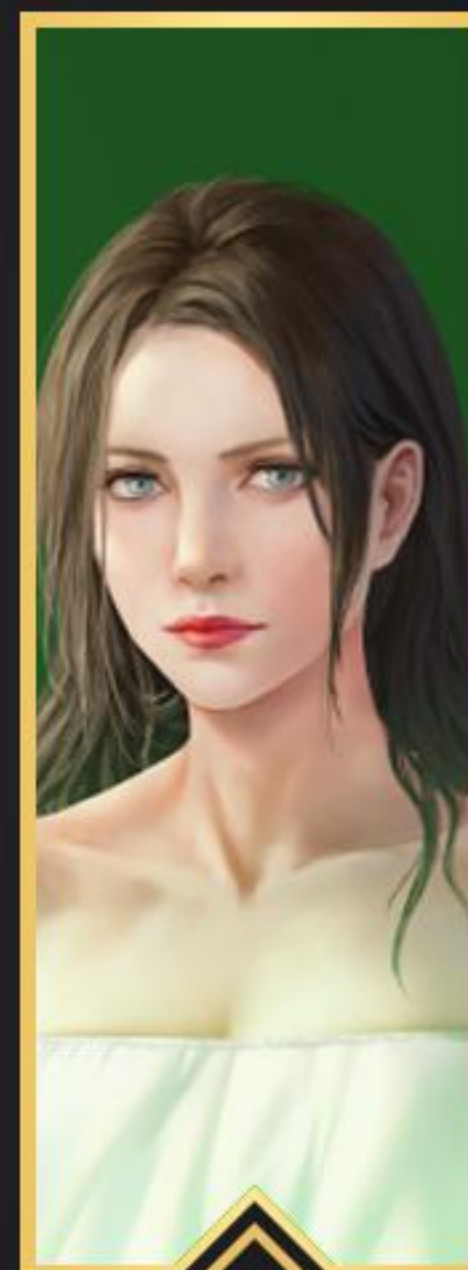

After the contest section, you go with Claudia on a Pirate Ship ride, she will back away regardless of the previous actions.

If you didn't kiss Claudia, the date will end here.

If you had previously agreed to help Karen on day 12, Victor will give you a drive to hack on Katelyn's computer.

Soon after Karen will interrupt you and the question of your attraction will come up, **admitting it** will lead to a threesome, and **hiding** to a solo scene.

Katelyn Route

On Katelyn's route, once Vic leaves, you can either use this opportunity to **get the definitive pice of blackmail** for her, or **turn sides** and go to Karen's side.

Either of these will win enough money for the other routes, so the decision comes down which of the two you want.

Evening

If you had sex with Linda on Day 8 she will visit you for a sex scene, and you're on Riley's route will text you, otherwise the day ends here.

Day 22

Afternoon

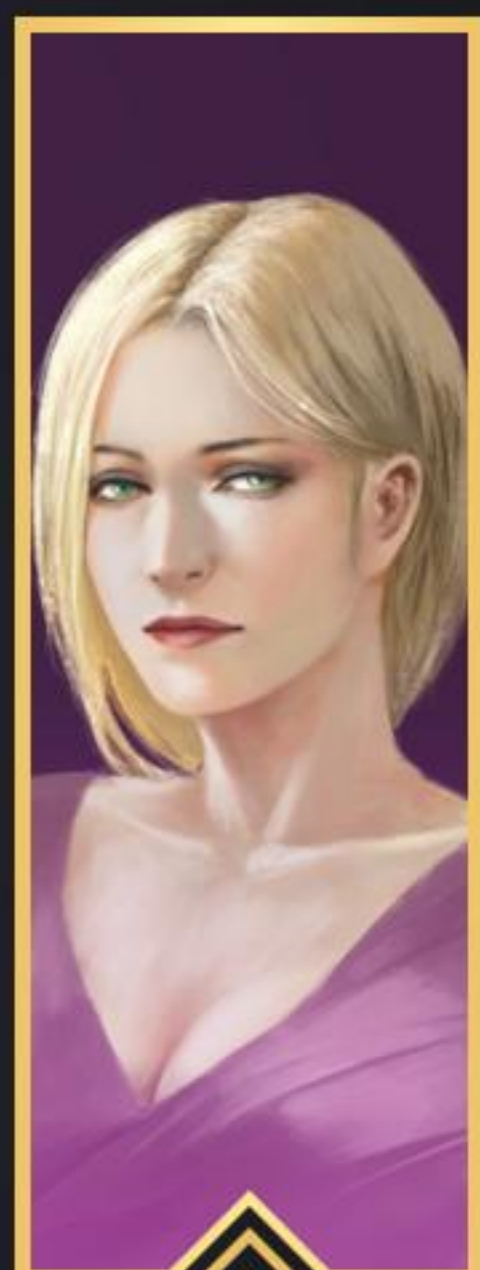

With the ending in sight, all that remains is to wrap things up for the route you decided to take.

Currently only Karen's route is done, so endings are only accessible by siding with her for now.

Main Characters

Riley

Riley is Evelyn's daughter. Unlike her boisterous mother, she's quiet and somber. Funnily enough, you've heard people say she started talking a bit more after her parents got divorced. Riley appears to prefer playing her instrument rather than talking.

Within the Kuma Academy Orchestra, she is the most talented student and the strict, strings teacher Mr. Bragadush believes that the young woman could become one of the premiere violinists in the state, if not the country if she works hard at it.

It seems there are plenty of unresolved issues between Riley and her parents. Since even before the split, Riley always turned to her violin as a tool of expressing her feelings of being ignored and her frustration with her parents.
